

# Can you spare \$4 a week for your footy club?

## 2011 OMFC Membership “The Network”

The Old Melburnians has long been famous for having one of the best “old boy networks” in the land. The OM’s Football Club is the most prominent of the Old Melburnians representative groups, and provides direct exposure to many influential members of the Old Melburnians society.

This new membership concept has been created to provide real benefits to members. Importantly, an active network also provides real opportunities for business partners looking to grow their business through sponsorship of the footy club – your contribution may be small, but each commitment helps convince others to get on board.

At just \$18 per month (direct debit), we are aiming to have an initial 100 members of “The Network” by the commencement of season 2011.

***“This is more than just a Membership of a footy club – this is your chance to become an integral member of an active and influential business and social Network”***
